

Maca Bio 225 g Doypack Superfoods Drasanvi

SKU: 032010022 EAN13: 8436044516146

Description

Maca is a root that only grows in the Peruvian Andes at an altitude of 4000 meters above sea level. Being rich in carbohydrates and in vitamin B3 (Niacin), **it helps reduce tiredness and fatigue**. It was used by the Inca culture for centuries and the etymology of the word tells us a lot about the plant itself: "ma" means "sourced at high altitudes" and "ca" means "good food that strengthens the body".

Ingredients

Organic maca powder (*Lepidium meyenii*)

Directions

Add to juices, smoothies, yogurt, tortillas, as well as at the end of casseroles, stews or fried. 1 dessert spoon = around 5 grams

Presentation

Contains 225 g (7.93 oz)

Warnings

Store in a cool, dry place.

Allergen free.

Additional Information

Peruvian origin

Maca from the Andes is a plant that was used by the Incas in ancient times. Many of the valuable properties of the plant come from the native soil in which it is grown. In order to obtain the highest levels of these properties, we source our maca exclusively from Peru.

Organic certification

We meet the highest quality standards during the collection and processing of the maca we use, which has led it to become a certified organic product.

Helps reduce tiredness and fatigue

The high levels of niacin present in the plant help reduce tiredness and fatigue, ensuring you get all the energy you need.
