

LaxaGreen 100 g Dr Green

SKU: 032030015 EAN13: 8436578549146

Description

Natural complementary food to promote intestinal transit in dogs and cats.

Ingredients

, ,

Directions

Oral use

Administer one dose of the enclosed measuring spoon per 5-10 kg of body weight, diluted in water in a ratio of 1:10, once a day or twice a day, according to need, on an empty stomach. If the animal refuses it, administer together with the food.

If administered by syringe, give immediately after mixing with water to prevent gelling.

If the animal is taking other supplements or medication, give it before taking the Psyllium as this may reduce its absorption.

Presentation

Contains 100 g with measuring spoon

Warnings

Do not exceed the expressly recommended daily dose; Food supplements should not be used as a substitute for a balanced diet; Keep out of the reach of young children. Store in a cool, dry place.

Additional Information

Psyllium husk is a soluble fibre that increases in size when hydrated, thereby increasing the volume of the stool to promote evacuation. It also functions as a prebiotic, providing food for beneficial intestinal bacteria.
