

Evening Primrose Oil 500 mg 110 Softgels Nutrabasics Drasanvi

SKU: 032050004 EAN13: 8436012940294

Description

Evening Primrose Oil is extracted using cold pressing procedures. This valuable oil is rich in essential fatty acids (Linoleic Acid and Gamma-Linolenic Acid). The EFSA (European Food Safety Authority) approves the consumption of Linoleic Acid (LA) and Gamma-Linolenic Acid (GLA) in view of their contribution to the maintenance of normal blood cholesterol levels. Evening Primrose Oil Vitamin E content contributes to the protection of cells from oxidative stress.

Ingredients

Evening Primrose Oil (*Seed*) (*Oenothera biennis L., Gamma Linolenic Acid 10%*) 1.500 mg, Casing (*Gelatin and Glycerin*), Vitamin E (*D-alpha tocopherol*) 15 mg

Directions

Take three (3) softgels per day. Recommended take one with each main meal.

Presentation

Contains 110 softgels of 705 mg. Net weight 77,6 g (2.73 oz).

Warnings

Food supplement based on plants and Vitamin E.

Food supplements should not be used as a substitute for a balanced diet. Do not exceed the expressly recommended dose. Keep out of the reach of little kids. Store in a cool, dry place. Do not administer to pregnant women, lactating women, or children. It should not be used in case of hypersensitivity, allergies or other infections with any of the ingredients of the formulation.

Additional Information

Cold-pressed oils

Our Evening Primrose Oil is extracted using cold pressing procedures and it requires less refining in comparison with hot pressed oils. As a result, its content in bioactive compounds [Linoleic Acid (LA) and Gamma Linolenic Acid (GLA)] is higher.

Standardized oils

Another important advantage of our product formulation is the use of standardized extracts. Standardized extracts contain isolated, guaranteed amounts of bioactive ingredients that remain constant over time. In this particular case, our Evening Primrose Oil is titrated in Gamma-Linolenic Acid (GLA), ensuring a constant daily dose of 150 mg.

Concentrated and easy to take doses

The use of concentrated and titrated oils allows us to provide the same dose in just three (3) softgels.

Allergen-free

We make every effort to ensure that our Evening Primrose Oil softgels are free of the most common allergens, in particular gluten.
