SKU: 032050117 C.N: C.N. 180490.7 EAN13: 8436044513473

Description

Melatonin contributes to reduce the time taken to fall asleep. Drasanvi Melatonin Drops contains 1,9 mg of pure melatonin per daily dose. It is a food supplement whose only active ingredient is melatonin. This substance is a hormone that is naturally secreted by the hypophysis gland and regulated by light. This hormone is connected to the biological clock – our waking and sleeping times. Traditionally, melatonin has been used to contribute to reduce the subjective feeling of jetlag.
