

Papain 30 Capsules Nutrabasics Drasanvi

SKU: 032050133 EAN13: 8436044513947

Description

Papain is a natural substance extracted from papaya (*Carica papaya* L.), a very juicy tropical fruit known for its many health benefits. Papaya has traditionally been used to help digestion due to its proteolytic effect.

Ingredients

Bulking agent (*Microcrystalline cellulose*) , Bulking agent (*Magnesium salt of fatty acid*) , Papain (*Carica papaya* L. 6000IU/mg) 75 mg, Casing (*Hydroxypropyl Methylcellulose*) , Anti-caking agent (*Silicon dioxide*)

Directions

Take one capsule a day with one of your main meals.

Presentation

Contains 30 capsules, 481 mg each. Total weight: 14,45 g (0.50 oz)

Warnings

Food supplement based on plants.

Food supplements should not be used as a substitute for a balanced diet. Do not exceed the expressly recommended daily dose. Keep out of the reach of younger children. Store in a cool, dry place.

Additional Information

6000 IU of enzyme activity

Papain is an enzyme present in papaya fruits and it has a proteolytic effect, meaning that it breaks down the proteins from digestion. The papain used in this Drasanvi product has an enzyme activity of 6000 IU/mg. This figure measures the speed that one microgram of tyrosine (an amino acid) is released on a casein substrate.

Vegetable-based capsules

The capsules we use are vegetable-based, made from hydroxypropyl methylcellulose, and have been certified by the Vegetarian Society. Hydroxypropyl methylcellulose is obtained from the cellulose found in various plant structures.

Free from allergens

We have ensured that our papain capsules have not come into contact with the most common allergens, in particular with gluten.

Blister packs

Our papain capsules come in blister packs: they protect the contents from any knocks as well as from environmental factors, ensuring that the product remains intact for as long as possible. This type of packaging is the best for protection against humidity and microbial contamination.
