

Collmar Magnesium Vanilla 180 Tablets Drasanvi

SKU: 032050176 EAN13: 8436044515224

Description

Collmar® in tablets presents the properties of our Collmar® with Magnesium, but in tablet presentation. Collmar® tablets incorporate in their composition enzymatically Hydrolyzed Marine Collagen, Hyaluronic Acid, Magnesium, Calcium and Vitamin C. Thanks to the presence of Vitamin C, Collmar® with Magnesium contributes to the normal formation of Collagen for the **normal functioning of cartilage, bones and skin.**

Ingredients

Hydrolysed Marine Collagen (Contains FISH) (Type I, very low molecular weight) 3.900 mg, Bulking Agent (Microcrystalline Cellulose) , Magnesium Oxide (40% Magnesium) 562,5 mg, Calcium carbonate (40% Calcium) 432 mg, Flavour (Vanilla Flavour) , Bulking agent (Magnesium salt of fatty acid) , Acerola Dry Extract (Fruit) (Malpighia punicifolia, 25% Vitamin C) 80 mg , Hyaluronic Acid 10,02 mg

Directions

Take six (6) tablets daily, preferably divided into 3 doses with main meals (breakfast, lunch and dinner).

Presentation

Contains 180 tablets (1.150 mg/tablet).
Total weight: 207 g (7.30 oz)

Warnings

Food supplement based on collagen, plants, minerals and hyaluronic acid.

Food supplements should not be used as substitutes for a balanced diet. Do not exceed the expressly recommended daily dose. Keep out of the reach of little kids. Store in a cool, dry place. Always consume with water.

Additional Information

Marine collagen is rich in amino acids

The collagen we use comes from fish. A recent study (J Agric Food Chem 55(4) 1532-1535 (2007)) has proved that marine collagen is more easily assimilated by the body than other forms, such as collagen that comes from pig parts. Collmar Magnesium contains a high proportion of glycine, proline and hydroxyproline (the most prevalent amino acids in collagen) and other essential amino acids.

Enzymatically Hydrolysed

The collagen we use has gone through a unique process in which it is broken down into tiny fragments, so that the body can easily absorb it.

Enriched with Hyaluronic Acid

Collmar® is enriched with hyaluronic acid that comes from bacterial fermentation of *Streptococcus zooepidemicus*.

Magnesium

Magnesium is an essential mineral for the organism and helps make up the bones. Magnesium provides a number of benefits such as:

- Helping reduce tiredness and fatigue.
- Contributing to the balance of electrolytes and helps to maintain a healthy metabolism.
- Maintaining a healthy nervous system and helps to keep the muscles functioning normally.
- Maintaining healthy protein biosynthesis and a healthy psychological balance.
- Helping to keep bones and teeth healthy.
- Supporting the process of cell division.

Contains vitamin C

The EFSA (European Food and Safety Authority) recommends the consumption of vitamin C, as it helps create collagen and helps make cartilage, bones and skin.

Free from terrestrial animals

All the ingredients used (Marine collagen and Hyaluronic Acid) do not come from terrestrial animals.
