

Magnesium Citrate 90 Tablets Minerals Drasanvi

SKU: 032050372 EAN13: 8436044519529

Description

Magnesium is an essential mineral for the organism, however, and due to the type of food, there may be a deficit of it. This deficiency may be present in children, adults, the elderly or athletes. Magnesium, among others, is related to tiredness and fatigue, bone maintenance, normal psychological function and normal protein synthesis. The Magnesium is fundamental in approximately 300 reactions of the organism, for that reason and due to its importance, we have chosen the best source of magnesium - magnesium citrate - to ensure a greater bioavailability.

Ingredients

Magnesium Citrate (*Magnesium 15,5%*) 1.062 mg, Bulking Agent (*Microcrystalline Cellulose*), Bulking Agent (*Magnesium salt of fatty acid*), Anti-caking agent (*Silicon Dioxide*), Dose *mg of Magnesium/day* % NRV, 1 tablet 82,31 mg 21,95%, 2 tablets 164,61 mg 43,90%, 3 tablets 246,92 mg 65,85%

Additional Information

Magnesium in the form of citrate

The magnesium we use is in the form of magnesium citrate. Magnesium citrate is the most bioavailable form of magnesium, that is, better absorbed by the body. Also this way of adding magnesium, avoids the gastric discomfort and laxative effects of other sources.
