

Wheat Germ 500 mg 90 Softgels Nutrabasics Drasanvi

SKU: 032050516 EAN13: 8436044514296

Description

Wheat is a millenary and high consumption plant. Within wheat, grains are the most used part. The germ, specifically, is the part of the seed with the highest nutritional value, where there is a high concentration of vitamins, minerals, proteins and oils. Wheat Germ is rich in essential fatty acids, that is, those that the body cannot synthesize and it is necessary to incorporate them through the diet. Another advantage of Wheat Germ is that it has a high amount of B vitamins, among which we find folic acid. Proteins and fiber are also substances that enrich the product and provide important properties to the product.

Ingredients

Wheat Germ Oil (Seed) (Contains GLUTEN) (*Triticum aestivum* L.) 1.500 mg, Coating agent (Gelatin and Glycerin) , Vitamin E (D-alpha Tocopherol) 3,75 mg

Directions

Take three (3) capsules a day, preferably, with the main meals.

Presentation

Bottle with 90 softgels of 717,26 mg. Total
Weight: 64,55 g (2.27 oz)

Warnings

Food supplement based on plants.

Food supplements should not be used as a substitute for a balanced diet. Do not exceed the expressly recommended daily dose. Keep out of the reach of little kids. Store in a cool, dry place.

Additional Information

Oils extracted by cold pressure

Wheat Germ Oil is obtained by cold pressing, so it does not need to be refined to the same extent as that obtained by hot pressing. This results in a lower loss of Vitamins and Essential Fatty Acids.

Allergen Free

Wheat Germ Oil softgels are made so that there is no contamination with any of the most frequent allergens, except for gluten.
