

Omega 3-6-9 1000mg 100 Softgels Nutrabisics Drasanvi

SKU: 032050522 EAN13: 8436578542864

Description

Omega 3, 6 and 9 fulfill different functions within the body and it is necessary to incorporate balanced doses of these substances. Omega 3 and Omega 6 are polyunsaturated essential fatty acids, Omega 3 include Alpha Linolenic Acid (ALA), Stearidonic Acid (SDA), Eicosatetraoic Acid (ETA), Eicosapentanoic Acid (EPA), Docosapentanoic Acid (DPA) and Docosahexanoic Acid (DHA). Omega 6 includes, among others, Linoleic Acid (LA), Gamma-Linolenic Acid (GLA) and Arachidonic Acid (AA). Omega 9 is not Unsaturated Fatty Acid. The known oleic acids, present in olive and sunflower oil, among others, belong to this group. Thanks to their contribution in Alpha Linolenic Acid, Linoleic Acid,

and Oleic Acid, Drasanvi® Omega 3-6-9 softgels contribute to maintaining normal blood cholesterol levels. Oleic Acid is an unsaturated fat.

Ingredients

Fish Oil rich in Omega 3 (*Contains Fish*) (59,76 mg EPA and 39,84 mg DHA) 332 mg, Evening Primrose Oil (*Seed*) (33,2 mg GLA) 332 mg, Flax Oil (*Seed*) (215,8 mg Linolenic acid and 79,68 mg Oleic acid) 332 mg, Coating agent (*Gelatin*) , Coating agent (*Glycerin*) , Vitamin E (*D-alpha tocopherol*) 5 mg

Additional Information

Standardized Oils

One of the most important advantages in our formulation is the use of standardized extracts, this means that it provides constant active principles over time. Omega 3-6-9 softgels are titled in Alpha Linolenic Acid (ALA), Linoleic Acid (LA), Gamma Linoleic Acid (GLA) and Oleic Acid (OA) ensuring that 164.4 mg is always provided daily; 151.4 mg; 65.8 mg and 82.2 mg respectively.

Concentrated dose and easy to take

The use of concentrated and titled oils allows us to obtain the same dose in two softgels.

Allergen Free

Omega 3-6-9 softgels are made so that there is no contamination with any of the most frequent allergens, among which we highlight gluten.
