Description

Vitalpur[®] Senior is a nutritional supplement that has been created for people over the age of 50. Its main ingredient is royal jelly (750 mg). Royal jelly is a substance created by bees to feed their children and the queen bee. Vitalpur[®] Senior contains magnesium, which helps keep bones healthy, as well as vitamins such as iron that alleviate tiredness and fatigue. We have also added ingredients that protect cells against oxidative damage and that help maintain good vision.

Additional Information

Highest quality royal jelly

The quantity of hydroxydecanoic acid (10-HDA) found in royal jelly determines its quality, as it conserves the jelly and maintains the properties of the jelly once it has been extracted. It has been established that good royal jelly should contain at least 3% of 10-HDA. Vitalpur® Senior includes in its

formulation royal jelly that has minimum 4-5% of 10-HDA.

Stevia sweetener

Stevia is a plant rich in glucosides, and 300 times sweeter than sugar. The glucosides from this plant do not affect the levels of glucose in the blood.
