

MCT Coconut Oil 500 ml Keto Drasanvi

SKU: 032050548 EAN13: 8436578543236

Description

MCT (Medium chain fatty acids) are an easily absorbed energy source, among which are caprylic acid C8 (70%) and capric acid C10 (30%). Our MCTs are extracted exclusively from Coconut Oil, complying with the highest quality. Our MCT Oil has no flavour or colour, so it combines perfectly with a wide variety of foods and beverages.

Directions

Add a tablespoon to coffee, drinks or use it as a dressing for your salads.

Presentation

Contains 500 ml

Warnings

Store in a cool place. Use raw, never use for cooking.

Additional Information

- Excellent percentage of caprylic acid and caproic acid
- MCT coming exclusively from coconut oil
