

Selenium 90 Tablets Minerals Drasanvi

SKU: 032050671 EAN13: 8436578546213

Description

Selenium is an essential mineral for many of the functions of our body. Although it is present throughout the body, it is more abundant in the kidneys, liver, spleen, pancreas, and testicles.

Selenium contributes to normal spermatogenesis

Selenium contributes to the maintenance of hair and nails under normal conditions.

Selenium contributes to the normal functioning of the immune system.

Selenium contributes to normal thyroid function.

In Drasanvi, we have selected the source of Seleniomethionine, an organic source with a higher assimilation rate than other inorganic sources of Selenium.
