

# Siluet 360° 120 Tablets Drasanvi

SKU: 032057124 EAN13: 8436601101150

## Description

Siluet 360° is a food supplement for weight loss, which has a formula based on plant extracts, vitamins, minerals and the innovative Fiit-ns® complex, supported by clinical studies.

Its main ingredients are nopal, ascophyllum, coffea arabica, L-Tyrosine, hyaluronic acid, zinc and chromium.

To this we must add the mixture of extracts rich in polyphenols that are extracted from guarana, carrot, green tea, grapefruit and grapes, which make up the Fiit-ns® complex. In this sense, it is clinically proven that Fiit-ns® improves the metabolic markers of the aging process and has Vitamin B3, which

contributes to increasing energy levels and reducing the feeling of fatigue.

A consumption of 3 months is recommended to complete the complete program of Siluet 360°.
