

Collmar Ceramides 30 Tablets Drasanvi

SKU: 032057352 EAN13: 8436601104281

Description

New ingredients highlight the properties of the product against its skin benefits. For this reason, Collmar has decided to enhance the effect of the well-known benefits of collagen. To do this, we incorporate Ceramides, a patented synergistic complex: Ceramosides™. Ceramides play a key role in the skin's barrier function.

Our extract presents studies, showing that 80% of people who consumed it reduced their wrinkles, and improved the appearance of the skin, giving youth to your skin.
