

Collmar Belleza Forest Fruit 8x50 ml Vials Drasanvi

SKU: 032057481 EAN13: 8436601106445

Description

The hydrolyzed marine collagen type I Naticol® used in Collmar Belleza Vials has been the subject of clinical studies with proven results in terms of anti-wrinkle, hydration, elasticity and luminosity. Naticol® is a range of bioactive and bioavailable marine collagen peptides of natural origin. These peptides are mainly derived from the most common type of collagen in the human body: collagen type I. The main benefits of the range focus on improving the beauty of the skin and maintaining an active lifestyle.

Cosmetic Table

Warnings

Food supplement based on collagen, vitamins and minerals with sweeteners.

Food supplements should not be used as a substitute for a balanced diet. Do not exceed the expressly recommended daily dose. Keep out of the reach of young children. Store in a cool, dry place. **Contains FISH.**

Additional Information

Convenient packaging, easy to carry

Our vial can be carried anywhere and consumed at any time, without the need for water or other

packaging. This makes it ideal for taking whenever you choose.

Enriched with Hyaluronic Acid and Vitamin C

Maxicollagen® is enriched with Hyaluronic Acid and Vitamin C. The EFSA (European Food Safety Authority) recommends the consumption of Vitamin C, as it **contributes to the formation of collagen**.

Free of terrestrial animals

All ingredients used (Marine Collagen and Hyaluronic Acid) do not come from terrestrial animals.

No sugar, no fat and no cholesterol.
