

Collmar Multicollagen 260 g Lemon Drasanvi

SKU: 032057622 EAN13: 8436601108357

Description

Collmar Multicollagen by Drasanvi is a food supplement that combines 5 types of collagen, mainly hydrolyzed marine collagen of low molecular weight (<2000 Daltons), together with key ingredients such as hyaluronic acid, elastin, biotin, vitamin C, copper and bamboo. Its advanced formula is designed to promote optimal assimilation and contribute to the general care of the body, with active ingredients that work in synergy for the skin, hair, nails and connective tissues.

Ingredients

Hydrolyzed Marine Collagen Type I (Contains FISH) , Flavour (Lemon Flavour) , **Ovomet® - Eggshell membrane** (Contains EGG) , **Hydrolyzed Marine Collagen Type III** (Contains FISH) , Acerola dry extract (*Malpighia glabra* (fruit) Vitamin C 25%) , **Hydrolyzed Marine Collagen Type II** (Contains FISH) , Bamboo dry extract (*Bambusa arundinacea* (tallo) 75% silicon) , Sweetener Sucralose , Copper gluconate (Copper 14%) , Biotin

Directions

Dissolve 13 g per day (3 level measuring scoops),
in 1 or 2 doses, in a large glass of water or juice
(200 ml), preferably in the morning. Recommended
duration: 3 months

Presentation

Contains 260 g (9.17 oz)

Warnings

Food supplement based on collagen, egg membrane, vitamins, minerals and plants with sweetener.

Food supplements should not be used as a substitute for a varied and balanced diet and a healthy lifestyle; Do not exceed the expressly recommended daily dose; Keep out of the reach of young children. Store in a cool, dry place. Contains **FISH** and **EGG**.

Additional Information

Differentiating qualities of Collmar Multicollagen

Unique 10-in-1 formula on the market

Collmar Multicollagen addresses 10 key areas of the body: skin, hair, nails, joints, cartilage, bones, muscles, tendons, ligaments and blood vessels. A complete action that few products can offer.

Scientific innovation supported

4 patents and more than 20 clinical studies support the effectiveness of its ingredients.

- Ovomet®: Unique source of collagen type I, V and X, with results supported by studies:
 - Skin: +66% firmness, +25% elasticity, -36% skin fatigue in 60 days.
 - Joints: +46% functionality, -53% pain and -52% stiffness in just 30 days.
- Collagen type I and III: Ideal for the care of skin, hair and connective tissues.
- Cartidyss®: Source of type II collagen for cartilage and joints.
- Hyaluronic acid and elastin: Improve skin hydration, tone and elasticity. Vitamins and minerals: They act in synergy for the general maintenance of the body.

Drasanvi has selected the best collagen sources available to offer the highest possible contribution in a single product, guaranteeing a complete and high-quality formula.

Easy assimilation for maximum effectiveness

Collmar Multicolágeno contains hydrolyzed marine collagen of low molecular weight (<2000 Daltons). This collagen undergoes an enzymatic hydrolysis process, which breaks down the molecule into small peptides, facilitating its rapid absorption and use by the body.

Thanks to this technology, the body can assimilate collagen efficiently, ensuring that nutrients reach where they are really needed. In addition, it provides an optimal dose of 12 grams of collagen per day, ideal for supporting the skin, joints and connective tissues.

Collmar Multicolágeno not only promises, but also demonstrates short-term effectiveness, positioning itself as a scientifically superior option compared to the competition.

Premium quality at an affordable price

Collmar Multicolágeno offers an advanced and patented formula with high-quality ingredients, backed by scientific studies, at a highly competitive price.

This combination of innovation, effectiveness and accessibility positions it as a unique option on the market, providing complete care without compromising your pocket.
