- 1 measuring scoop: 5 g of powder to be diluted = 4 g of collagen
- 3 measuring scoops: 15 g of powder to be diluted = 12 g of collagen

Presentation

Net Weight: 300 g

Warnings

Food supplement based on collagen, vitamin, mineral and plants with sweetener.

Do not exceed the expressly recommended daily dose. Food supplements should not be used as a substitute for a balanced diet. Keep out of reach of young children. Store in a cool, dry place. Contains **FISH**.

Additional Information

What is Collmar Sublimlift?

Collmar Sublimlift is an innovative dietary supplement formulated with Naticol® type I hydrolyzed marine collagen, combined with key active ingredients such as hyaluronic acid, coenzyme Q10, vitamins C and E, and selenium. Its advanced formula has been developed to nourish the skin from within, helping to combat the signs of aging and improving firmness, hydration, and radiance. Thanks to its powdered form with a delicious cherry flavor, it can be easily integrated into your daily routine.

Key ingredients and their benefits

- **Naticol® Type I Hydrolyzed Marine Collagen:** From marine sources and optimized for high bioavailability, it helps improve skin elasticity and firmness, helping to reduce the appearance of wrinkles.
- **Hyaluronic acid:** Powerful natural moisturizer that helps retain moisture in the skin, promoting its turgor and softness.
- **Coenzyme Q10:** Known for its antioxidant properties and role in cellular energy, it contributes to skin regeneration and combats oxidative damage.
- **Vitamin C (from Acerola):** Essential for collagen synthesis, this vitamin boosts skin firmness and protects it from oxidative stress.
- **Vitamin E:** Known for its antioxidant action, it helps fight free radicals and protects skin cells.
- **Selenium:** An essential mineral that contributes to the maintenance of normal hair and nails, as well as strengthening cellular protection.

Naticol®: Innovation in marine collagen

Naticol® is a patented bioactive and highly bioavailable marine collagen peptide. Extracted from sustainable marine sources and subjected to an enzymatic hydrolysis process, its low molecular weight (2000 Da) ensures optimal absorption by the body. Thanks to its specific structure, Naticol® contributes to skin regeneration, providing clinically proven benefits in terms of anti-wrinkle, hydration, elasticity, and radiance.

Clinical studies and proven efficacy

Naticol® marine collagen has been the subject of rigorous clinical studies that support its effectiveness in improving skin. These studies include:

- Triple-blind clinical study (2020): Conducted with 50 participants, it compared the consumption of 10 g of Naticol® collagen versus a placebo for 12 weeks, demonstrating significant improvements in wrinkle reduction, skin hydration and elasticity.
- Double-blind clinical study (2012): In a group of 40 participants, this study confirmed that supplementation with 10 g of collagen for 12 weeks provides visible benefits to the skin.

After 3 months of use, the results showed:

- 35% reduction in wrinkles
- 25% increase in firmness
- 23% improvement in hydration
- 22% increase in radiance

How to take it?

For best results, we recommend dissolving 13 g of Collmar Sublimlift (equivalent to 3 measuring scoops) in a large glass of water or juice (200 ml), preferably in the morning. A minimum duration of 3 months is recommended to maximize the benefits.

An ally for beauty and well-being

Collmar Sublimlift is more than just a collagen supplement. Its exclusive formula, backed by scientific research, makes it the perfect complement for those looking to improve their skin's appearance naturally and effectively. Restore your skin's radiance, firmness, and hydration with Collmar Sublimlift and show off a rejuvenated face every day!
