Collmar Beauty Cream 60 ml Drasanvi

SKU: 032060029 **EAN13:** 8436044513503

Description

This day and night cream combats wrinkles and supports cell repair. The ingredients are combined to fight against the signs of premature ageing, which include lack of firmness, wrinkles, expression lines and lack of hydration. From 30 years of age onwards the skin suffers a number of changes such a wrinkles, dehydration, loss of firrmness and expression lines. All these changes are a consequence of the decrease in synthesis between collagen and our skin. The ingredients of this cream work together with the hydrolysed marine collagen to help combat this problem, improving the appearance of theskin.

INCI

Aqua, Propanediol, Octyldodecanol, Isopropyl Myristate, Caprylic/Capric Triglyceride, Glyceryl Stearate SE, Cetyl Alcohol, Cetearyl Alcohol, Stearic Acid, Dimethicone, 2-O-Ethyl Ascorbic Acid, Arginine HCL, Biotin, Glucosamine Hcl, Glycine, Hydrolyzed Soy Protein, Niacinamide, Oenothera Biennis Oil, Ornithine Hcl, Panthenol, Punica Granatum Fruit Extract, Pyridoxine HCL, Sodium Hyaluronate, Tocopherol, Zinc PCA, Phenoxyethanol, Glycerin, Borago Officinalis Seed Oil, Sodium Lauroyl Glutamate, Polyacrylate Crosspolymer-6, Hydrolyzed Collagen, Parfum, Sodium Acrylates Copolymer, Collagen, Sodium Lactate, Collagen Amino Acids, Mannitol, Urea, Ethylhexylglycerin, Lactic Acid, Phytic Acid, Lecithin, Placental Protein, Potassium Hydroxide, Helianthus Annuus Seed Oil, Propylene Glycol, Glucose, Sodium Benzoate, Potassium Sorbate, Benzoic Acid, Sodium Succinate, Citrulline, Chlorphenesin, Sorbic Acid, Linalool, Limonene, Citronellol, Alpha Isomethyl Ionone.

Directions

Apply the cream in the morning and/or before going to bed massaging it gently on the face, neck and neckline.

Presentation

Contains 60 ml (2.11 fl oz)

Cosmetic Table

Ingredients	Action	Effect
Hydrolysed marine collagen	Collagen is a protein that makes up 80% of our skin. Therefore a decrease in the synthesis of collagen directly affects the appearance and health of the skin.	Reduces wrinkles, expression lines and improves the firmness of the skin

Vitamin C	Vitamin C is needed to activate the synthesis of collagen	Reduces wrinkles, expression lines and improves the firmness of the skin
Hyaluronic acid	It is a bioactive ingredient that can be found in many tissues. It has the ability to absorb water mainly in skin folds.	Hydrates the skin and fills wrinkles To act effectively, the hyaluronic acid must be of a low molecular weight
Biotin	Biotin is a fundamental vitamin for your skin. As a matter of fact, a deficit in this vitamin can lead to serious skin problems.	An important vitamin needed for the nutrition of the skin
Evening primrose oil and Borage oil	Evening primrose and borage oil together provide 95% of the essential fatty acids that are high in polyunsaturates (acids that the body cannot absorb, which are necessary to get through the diet). These include linoleic acid, linolenic acid, palmitic acid, stearic acid, oleic acid, etc.	Offer the necessary substances for the hydration and nutrition of the skin
Pomegranate	Pomegranate is a fruit highly valued since ancient times and is a symbol of beauty. The reason why it is so special is that it contains high levels of antioxidant substances. Antioxidants are substances that fight against free radicals	Neutralises radicals and slows down the premature ageing process of the skin.
