

Aloe Vera Gel 400 ml Drasanvi

SKU: 032060100 EAN13: 8436044515958

Description

Drasanvi Aloe Vera gel is a natural cosmetic with nourishing, soothing, healing and bactericidal properties. Among the main benefits of Aloe Vera is its great capacity to stimulate cell renewal, while intensely moisturizing and calming dry or sun-damaged skin, laser hair removal, shaving or any type of skin irritation.

Thanks to vitamin E, it enhances its regenerative effect, restoring and maintaining the natural hydration of the skin, activating the synthesis of collagen and improving its firmness.

In this way, the skin is protected, hydrated and looks visibly younger. It is ideal for dry and sensitive skin.

It comes in an Airless format to prevent the gel from coming into contact with the air, in order to preserve all the qualities of its native ingredients.

INCI

ALOE BARBADENSIS LEAF EXTRACT, GLYCERIN, PROPYLENE GLYCOL, TRIETHANOLAMINE, CARBOMER, PHENYLPROPANOL, PROPANEDIOL, CAPRYLYL GLYCOL, TOCOPHEROL, CITRIC ACID, SODIUM BENZOATE, POTASSIUM SORBATE.

Presentation

Contains 400 ml (14 fl oz)

Cosmetic Table

Component	Action	Effect
-----------	--------	--------

Aloe Barbadensis Miller	It is the largest and fastest natural regenerator. Any skin problem can be treated with Aloe Vera and accelerate the resolution as it penetratesup to eight times more in your skin than anyother regenerator product.	It is credited with an extraordinary regenerative power of damaged tissues, as it stimulates the immune system while collaborating in fibroblast cells production, essentials in the healing process.
Vitamin E	It has regenerative properties of tissues, it stimulates cell metabolism of the skin and protects its normal fat content. It is a potent inhibitor of free radicals. The same reducing action of this vitamin is an excellent prophylactic of the destruction of the cells by solar energy.	Antioxidant, fights free radicals.
