Description

Arnica montana is one of those plants with a widespread, traditional use. Its oil is known as the "bruise healer" for children and can be found in different galenic forms for this purpose. It is also the oil of the more adventurous, as it will be a first emergency remedy to alleviate possible bruises.

The vegetable oil of Arnica by Vitaroms is obtained by the maceration of its flowers in a base oil BIO. This ensures that we have all the properties offered by the plant and, in addition, all the benefits of an ORGANIC base oil, which contains all its fatty acids, minerals and vitamins intact.
