Description

St. John's Wort is a plant easily found throughout the Mediterranean basin. Associated with popular culture, it has been used for different purposes, such as improving circulation, smoothing irritated skin, healing burns or for its calming and sedative effect.

Vitaroms St. John's Wort vegetable oil is obtained by macerating its flowers in an ORGANIC base oil. This ensures that we have all the properties offered by the plant and, in addition, all the benefits of an organic base oil, which contains all its fatty acids, minerals and vitamins intact.
