

CBD Face Cream SPF-15 50 ml Drasanvi

SKU: 032060808 EAN13: 8436601101440

Description

The CBD 15 SPF face cream is especially indicated for sensitive skin prone to redness and irritation. Its formula incorporates CBD, hemp oil, shea butter and hyaluronic acid, among others. Each of which provides our skin with protective, moisturizing and soothing effects.

Noteworthy in its composition is the presence of Bakuchiol, known as vegan retinol, especially indicated to stop irritation, peeling and redness.

It also has a protective action against ultraviolet rays as it has a protection factor of 15, so we recommend its use every morning.

Dermatologists recommend the daily use of sunscreen to protect the skin from the damaging effects of UV rays.

Characteristics: moisturizing and antioxidant cream, with sun protection factor. Quick and easy texture to apply.

INCI
