

Sultan Raisins Bio 100 g Doypack Ecosana

SKU: 467010468 EAN13: 8436012948986

Description

ECOSANA Bio Sultanas Raisins are obtained from seedless white grapes from **organic farming**, after being dehydrated. They are dried fruits, with all the nutrients of the grapes but in concentrated form, so they provide a large amount of **carbohydrates**, which makes them ideal to meet the extra energy needs of athletes, children and students. They are also an excellent source of **potassium, calcium, iron and provitamin A and B3**. This natural sweet is ideal for your pastry and pastry recipes, but also to give that touch of sweet flavor to your rice dishes, vegetables, salads...

The sustainability goal of the Ecosana line is to generate the least possible environmental impact. For this reason, the dry fruit doypacks are compostable to prevent them from becoming harmful waste for the environment and reduce polluting emissions into the atmosphere. This type of packaging not only degrades, but also becomes compost.
